

Bureau of Reclamation, Interior

§ 404.43

(10) Cash flows from capital and related financing activities (negative value from principle paid on bonds and interest payments);

(11) Net cash flow; and

(12) Any non-operating revenues and expenses;

(d) Funding commitments from non-Federal sources, other than the non-Federal project sponsor, including resources committed by state, county, or local governments;

(e) The existing cost of water and the cost to develop new water supplies in the region; and

(f) The impact of the proposed project on water rates;

(g) The projected impact of the proposed project on the non-Federal project sponsor's ability to raise or generate revenues;

(h) The non-Federal project sponsor's financial history including their past performance on repaying loans and other debts; and

(i) Any other financial means of the non-Federal project sponsor that is not captured in this subsection.

§ 404.40 What is the non-Federal share of operation, maintenance, and replacement costs?

You are required to pay 100 percent of the operation, maintenance, and replacement costs of any rural water supply project planned under this program.

Subpart C—Appraisal Investigations

§ 404.41 How will an appraisal investigation be conducted under this program?

Appraisal investigations will be conducted in accordance with Reclamation-approved standards governing the approach, process and content of the appraisal investigation. You can obtain information about Reclamation's standards and requirements for conducting an appraisal investigation by contacting your local Reclamation office.

§ 404.42 How much time is provided to complete an appraisal investigation?

An appraisal investigation must be scheduled for completion not later than 2 years after the date on which the appraisal investigation is initiated, unless otherwise agreed to in writing by Reclamation.

§ 404.43 What process will Reclamation follow to determine if an appraisal investigation is ready for review?

(a) Reclamation will evaluate whether the appraisal investigation adequately addresses all of the items required in Reclamation's standards for conducting appraisal investigations, and is, therefore ready for review. Reclamation standards and requirements for the content of an appraisal investigation are available at your local Reclamation office. Reclamation will notify you in writing of the outcome of this determination within 90 business days from the date of Reclamation's receipt of the appraisal investigation;

(b) If the appraisal investigation does not include the required information, you will be notified in writing of the reasons why, and you will have an opportunity to make changes and re-submit the corrected appraisal investigation to Reclamation for additional review. As appropriate, Reclamation will work with you to suggest approaches to correct the appraisal investigation;

(c) Once Reclamation determines that the appraisal investigation includes all of the required information, Reclamation will review the investigation to determine, based on an application of the criteria set forth in § 404.44, whether or not it is appropriate to proceed to a feasibility study. Reclamation will document its findings in an appraisal report, as described in § 404.45;

(d) Reclamation's review of an appraisal investigation will take no longer than 180 business days from its receipt of the appraisal investigation to its completion of the appraisal report, excluding time when Reclamation is waiting for additional information from the project sponsor.
